Action Curtailing Naval Program Due to Pique of Defeated Members

LOS ANGELES, Jan. 29.—The months of uncertainty and suspense ended today for Clarence S. Darrow, the noted union labor attorney, when the county grand jury, which for four weeks has been investigating allegations of corruption in the trial jury in the McNamara dynamite case, returned two indictments charging him with bribery.

There are four counts in the two bills. Two of the counts charge Darrow with the bribery and attempted corruption of Robert Bain, the first juror sworn to try James B. McNamara, the confessed dynamiter and murderer now serving a life term in San Quentin prison. The remaining counts allege the bribery and corruption of George N. Lockwood, a juror summoned in the McNamara case.

Robert Franklin, the attorney who is alleged actually to have presented the bills, is charged with the same offenses in the indictments filed some time ago in the superior court and his trial has been set for February 27.

Maximum Penalty 30 Years.

The maximum penalty that could be imposed upon Darrow for conviction on all counts is 30 years imprisonment and fines aggregating \$10,000. He is under \$20,000 bail, but tonight, the former chief defender of the McNamara case, said he was glad the suspense was over and that he faced the indictment "thoroughly" in the superior court with an equality of heart.

"One act of crime could hardly expect anything less than acquittal," he said, smiling.

Darrow had several days' notice of the impending accusations, and on Saturday he retained Earl Rogers, an attorney who directed the first work of investigating the McNamara case. The Times building dynamiter and who later, in a special prosecution, had charge of the grand jury investigation which resulted in the filing of the first indictment, conspiracy, evidence against Darrow (James McNamara, Schmidt and Kaplan, early last year. WASHINGTON, Jan. 29.—There will be no appropriation for battleships or public buildings at this session of congress. This was the decision of the Democratic caucus in caucus tonight after a spirited meeting.

Elimination of a battleship appropriation was a surprise, the caucus having been called for the purpose of considering a \$18,000,000 public building bill recommended by the committee on public buildings and grounds.

Representative Burnett of Alabama, however, offered an amendment to a resolution to disburse with the public building bill, that no battleship appropriations be reported to the house.

Representative Hobson of Alabama headed a bitter attack on the amendment but it was passed, 88 to 68. The saving resulting from this action of the caucus is estimated by the Democratic leaders to aggregate about \$40,000,000. \$24,000,000 to be required for two modern battleships and \$16,000,000 for public buildings. In the case of public buildings, however, there may be some appropriation for emergency.

Will Try to Rescind Action.  
After the caucus it was declared that the cutting off of the battleship appropriation was forced by members who were pained by their defeat of the public buildings appropriations. Representative Hobson and others, who championed a two-battleship program, announced that a petition for a special caucus on the battleship appropriations would be circulated at once among the Democratic members, and that it would contain an appeal for rescinding this action.

## MRS. C. M. BALKAM IS TEACHER OF HYGIENE

Will Take Up Duties as Visiting Nurse in Public Schools Early in February

Mrs. C. M. Balkam, 28 West Dale street, was appointed "teacher of hygiene" in the public schools of Colorado Springs at a special meeting of the school board yesterday.

Mrs. Balkam will go to Pueblo in a few days, where she will study the health conditions in schools that employ "teachers of hygiene" or visiting nurses. She will return to this city in about a week, and immediately take up her work.

She is the wife of Mr. Balkam, prominent as a member of the Bol-Scout movement in this city, and was graduated from the Starnbach Training School for Nurses in Burlington, Vt., in 1909. For two years she followed her profession in the east and in 1910 returned to this city. She was active in a number of ways for several years, being president of the Nurses' Registry association for a number of years. Although Mrs. Balkam has not been doing active work for the last few years she has kept in close touch with the nurses association of this city and she will be well recommended by physicians.

The idea of employing a trained nurse in the public schools here was first suggested by the Visiting Nurses association several months ago. The association put the plan before the school board, pointing out the need of a nurse in the schools and offering to pay half the expense of employing one. The board considered the matter and decided to accept the offer.

In the absence of a specific legal provision for the employment of a school nurse, the position will be designated as "teacher of hygiene" and Mrs. Balkam will act under the direction of Superintendent Cole, an instructor and advisor in school sanitation to the teachers and pupils.

Investigations this year by the school board and various individuals has shown the necessity of employing a nurse in this capacity. The duties of the incumbent will be to make regular inspections of the various schools to detect the presence of disease among pupils and to recommend proper medical attention. The St. Paul Medical society has offered the services of its members without charge to attend to such cases as cannot pay, cooperation of the school board, the Visiting Nurses association and physicians, there will be a pronounced improvement in the health of the children in school.

## TAFT DELIVERS KEYNOTE SPEECH

TARIFF CONSIDERATION HIS STRONG POINT

Willing to Go Into Campaign on That Issue Alone, He Intimates

CLEVELAND, O., Jan. 29.—President Taft's three days' visit to Ohio began in Cleveland today and before he retired to his private quarters tonight the president had spoken on peace and arbitration, talked Ohio politics with some of the leading Republicans of the state, and sounded the "keynote" for the coming presidential campaign.

Leaving Cleveland late tonight he is due in Columbus early tomorrow for a six-hour stay.

The president's public address in Cleveland in the middle of a winter night, that had turned snow-covered streets into ice and slush. There were comparatively few people at the station when his train came in and no large crowd in the cold driving rain to welcome him. At the hotel where he spoke, however, his reception was cordial.

At the chamber of commerce, where Mr. Taft spoke on "Peace and Arbitration," came one of the surprises of the day. As he entered the building James H. Garfield, secretary of the Interior, ex-President Roosevelt's cabinet and generally acknowledged as politically middle-Taft was one of the first to greet him.

"Hello, Mr. President," said Mr. Garfield.

"Hello, Jimmy, I'm glad to see you," said the president, shaking hands. Mr. Garfield was a lunch-hour guest at the same table with the president and the two men indulged in much conversation that seemed to interest and amuse them both.

The president's political conference with Ohio leaders took place at the home of ex-Governor Herrick. In addition to Mr. Herrick, Arthur J. Cory, and William H. Miller, former assistant attorney general of the state, were present.

Other Republican leaders saw the president at the hotel headquarters.

## WILL MAKE ALL ARRESTS AT SAME TIME IF CAN

Federal Grand Jury at Indianapolis Nears End of Dynamite Inquiry. Minor Witnesses Dismissed

INDIANAPOLIS, Ind., Jan. 29.—Indictment that the federal grand jury is investigating of the dynamite conspiracy is drawing to a close, with the probability that indictments may be returned at the end of this or the beginning of next week, was shown today with the dismissal of many minor witnesses who long had been held to corroborate evidence already introduced.

The plan of the government, it is said, is to cause all the arrests, if any are authorized, as nearly as possible on the same day. The indictments will be secret.

Mexican President Orders Gen. B. J. Viljeon to Wage Relentless Campaign Against Yaqui Indians

EL PASO, Tex., Jan. 29.—A general from Guaymas, in the state of Sonora, tonight says that Gen. B. J. Viljeon, Mexican president, has ordered him to wage such a campaign against the Yaqui Indians as will result in the extermination of the tribe and has been engaged in a campaign against the Yaqui Indians.

A number of Yaqui chiefs have been arrested and are being held in the city of El Paso.

DEMOCRATIC STEEL BILL PASSES HOUSE

Colorado Representatives Dissatisfied With Lead Tariff in Opposition

WASHINGTON, Jan. 29.—The Democratic metal tariff revision to make reductions averaging 35 per cent from the existing steel and iron duties of the Payne-Aldrich law passed the house today by a vote of 219 to 198.

Republicans efforts to amend or delay the bill were defeated and when Democratic leader Underhill moved to put the bill to a vote, the house voted to pass it.

The bill was passed by a vote of 219 to 198. The bill was passed by a vote of 219 to 198.

## BUILDING FACTORY TO MANUFACTURE MOTORS

A factory for the manufacture of automobile motors is being constructed at an approximate cost of \$500,000, at the junction of the Rock Island and Denver & Rio Grande railroad tracks in Roswell, by Richard T. Robinson, Jr., 2005 North Nevada avenue. It is said the factory is being erected as an experiment, and if it proves successful, additional buildings will be built and work undertaken on a larger scale.

Robinson is the son of Richard T. Robinson, one of the owners of the T. C. Case Motor company of Racine, Wis., and it is said the factory here will supply motors for the Case automobiles manufactured in Racine, and will be a branch of the large factory.

A tract of land 200 feet by 100 feet has been leased from the Rock Island and a building of reinforced concrete, 30 feet by 60 feet, erected. A part of the building is already in place, and it will be only a matter of a few weeks before the factory will be in operation.

LAWRENCE, Mass., Jan. 29.—The worst rioting in the fortnight of the Lawrence textile strike, involving 20,000 persons, occurred today when street cars were held up and stoned by mobs which refused to let them pass.

One woman was killed by a stray bullet, a patrolman was stabbed, a militia captain was fatally wounded by a brick and several others were hurt by stones as well as by the shots of the police and militia.

Governor Foss ordered tonight 12 additional companies of infantry and two cavalry troops to proceed at once to Lawrence to reinforce the nine companies already there. All the troops arrived shortly after midnight.

There were no further disturbances tonight. This was the first time in the strike that the city was quiet. The militia were ordered to return to their barracks.

## CHINESE IMPERIALISTS MEET SEVERE DEFEAT

PEKIN, Jan. 24.—While it is stated officially that the amnesty has been renewed, the revolutionists are displaying signs of great activity. The revolutionary army, which is advancing in the direction of Suichow P'u, in the northern province of Kiang Su, the base of Chang Hsin, commander of the imperial troops, yesterday occupied Ku Chang province of Anhwei on the Pukow-Hankow railroad.

Revolutionists are also reported to have driven back the imperialists at Tong Chow. Both engagements resulted in heavy casualties and appeals have been made for Red Cross assistance.

So serious are the reports from Mukden in consequence of numerous official murders of revolutionary suspects and the terror stricken condition of the Chinese population, that the Japanese reaction here from action will become necessary.

## FORCE VOIE

(Continued From Page One.)

The last against the application of force closing the debate, Mr. Underwood was charged by Republican Leader Mann with the "ruthless application" of the force of the Democratic majority. Many attempts to strike out sections of the Democratic program were made, but all were rejected by Mr. Mann to restrict the Democratic free list, which includes typewriters, printing machinery, machine tools, sewing machines and other articles, to countries that do not discriminate against American cotton, wool, live cattle, meats and meat products, were defeated.

The bill will face a story reception in the senate. It will reach the senate tomorrow and be referred to the finance committee. Both Republican and Democratic senators have been deferring other legislation with a view to concentrating attention on the tariff measure as they emerge from the house, but no course of action has been mapped out.

Democratic senators expressed hope today that the progressive Republicans would join with them in the same coalition, that enabled the senate to pass the tariff bill in the first session and to leave the issues squarely up to the president.

The progressive Republicans have held no conference as to their attitude. They hold divergent views as to the steel tariff that may prevent a solid alignment on measures.

Senator Cummings has a bill which he is ready to present as a substitute for the House measure. It rests based on his opposition to the house bill's transmutation of specific duties into ad valorem duties.

The regular Republican members of the senate finance committee, already are figuring on hearing various persons interested in the steel industry who have applied to the committee.

## TAFT DELIVERS

(Continued From Page One)  
the day. Mr. Taft said tonight he told the president things never looked better politically for him than now. He added that the Ohio delegation would go to Chicago instructed for the president.

At the McKinley day banquet given by the Tippecanoe club at the chamber of commerce tonight, President Taft made a stirring appeal to the Republican party to stand by its guns and rest confident that it has carried out its pledges. He declared he faced the future with equanimity and in the belief that the judgment of the country would prove him right in his opinion.

To his hearers it appeared that a "keynote speech" on which the coming campaign might be fought was being delivered.

## Armed With Facts, He Believes.

"Looking over the record of what has been done," said the president, "it seems to me that we are armed with the facts and with things accomplished sufficient to meet our enemies in the open field, and to give them the judgment of an impartial umpire. It seems to me there is no occasion for the Republicans of this country to fear the issue, with their knowledge of the progress that has been made in the last four years, with their adoption of progressive principles indicated in their platform of 1908, and in the proposals of the administration since that time. They must, if they would serve the country well, discriminate between what is really progressive and useful, and what is utterly at variance with sound constitutional, governmental and economic policy."

"On this, the natal day of William McKinley, let us take new vows in behalf of the great old party, standing by the constitution, standing by the rights of citizens and supporters of the individual and willing to face defeat many times in behalf of the cause of sound constitutional government."

President Taft gave a comprehensive review of his administration. By the attention he devoted to the tariff, he indicated his willingness to go into the campaign on that issue alone.

## Democratic Friends Mistaken.

"Our Democratic friends are mistaken," said the president, "the election of 1916 was not a declaration in favor of a tariff for revenue and free trade. This is shown by the fact that the Democratic vote was less than that of the Republican party in the presidential election. The defeat of the Republican party came not in an increase in the Democratic vote but from a defection of Republican votes. It is of our own members who stayed at home and refused to stand by the party in what they regarded as a failure to redeem its pledges."

Aside from the benefits which the president said were to be found in the creation of a tariff board by the Payne law, there were many others that grew out of that law to which the Republican party could claim credit. Among these he named the court of customs of appeals with authorization to construe the tariff act, the institution and maintenance of the law which enables this country to prevent discrimination against American trade, and the corporation tax which is bringing many millions of revenue to the government.

The interstate commerce act, said Mr. Taft, has been strengthened since he came to the White house.

## To Attack Court Foolish.

A commerce court, he said, was created to relieve the courts in railroad cases.

"I observe now," he added, "that some of the decisions of the commerce court have been made on a basis for demand for its abolition. It seems to me this would be the most foolish step."

The supreme court, he pointed out, soon will have rendered decisions, showing the exact jurisdiction of the commerce court.

Mr. Taft said that congress in 1910 enacted a safety appliance law, an employers liability law that has stood the test in the supreme court, created the postal savings bank and has taken a forward step toward conservation.

The national monetary commission has reached a plan to improve the currency system, a plan which the president said, would keep the control of the nation's finances from the influence of Wall Street and Washington. An investigation of the proposed for parcels post, has been made and the postal commission soon will send to congress its findings as to the need of any increase in second-class postal.

So far as foreign policy is concerned, Mr. Taft said, a most satisfactory treaty with Japan that settles a vexatious and unpleasant question has been negotiated and referred. And treaties with Nicaragua and Honduras that would put those countries "on their feet" and arbitration treaties with France and Belgium, are before the senate.

## COAL MINERS REJECT OFFER

INDIANAPOLIS, Ind., Jan. 23.—The bituminous coal miners today rejected the proposition of the operators to return to the wage scale of 1904-5, submitted at the joint conference of miners and operators of Indiana, Illinois, Ohio and western Pennsylvania.

The wage scale of 1904-5, was 10 cents a ton less in Ohio and western Pennsylvania and 5 cents a ton in Indiana and Illinois than the present scale. The wages of day labor were 6 percent lower than now.

The operators had demanded a general reduction of 10 cents a ton and 20 percent on day labor, while the miners are demanding increases in the same figures.

The conference will continue tomorrow.

## CRUISER COLORADO MAY COME IN FOR REPAIRS

HONOLULU, Jan. 23.—The cruisers of the Pacific fleet left Honolulu harbor today for a short practice cruise. They will return in five days. It is rumored in naval circles here that the armored cruiser Colorado, which was brushed by the steamship Cleveland last week, will be sent to the Bremerton navy yard, on the Washington coast.

amount compatible with its degree of gravity."

"Ten thousand on each indictment," said Judge Connelley, justice of the peace.

Mrs. Davis and Young, qualified at once and Darrow, apparently greatly relieved, walked out of court with his attorneys.

"This is something I never had to do before," said Darrow, as he shook hands with several friends, "but I think I can beat it."

"We have to prosecute the case, not to discuss it," said Assistant District Attorney Ford, and declined to make further comment.

The grand jury will resume its investigation tomorrow.

## "Only a Beginning"—Fredericks.

"AMPA, Pa., Jan. 23.—There was no chance for Darrow to escape," remarked District Attorney Fredericks of Los Angeles, when shown the Associated Press dispatch tonight announcing the indictment of Clarence Darrow.

"We knew when Juror Bain took his seat that he had been bribed and who did it, I expected the indictment would come today."

Mr. Fredericks has been in constant touch with his office in Los Angeles since leaving there several weeks ago.

"This is but the beginning," he laughed when asked if he thought it possible that the indictment of Darrow in any way involved high officials of the American Federation of Labor.

Mr. Fredericks will leave here tomorrow for Key West but will return to Los Angeles in time to take personal charge of the prosecution in the bribery case.

for the government architects to begin work on any new plans for two years, and that it would be three years before any new construction work could be undertaken.

The caucus was by no means harmonious, many members from the country districts warning the necessity of such a bill to safeguard the welfare of the party in the approaching campaign. Majority Leader Underwood controverted the argument of the public buildings champions. He warned them that to saddle the treasury with a \$15,000,000 charge at this session would be too apparent an effort to court favor without sincerity. Speaker Clark was of the same mind.

## RAILWAY INCORPORATES \$5,000,000 CORPORATION

SAN FRANCISCO, Jan. 23.—It was announced by officials of the Southern Railway company here today, that incorporation papers would be filed at Sacramento tomorrow for the Southern Pacific Land company, a \$5,000,000 corporation, which is to handle all of the business of the Harriman system in California, not directly connected with the operation of the railroad.

## Scientific Wrinkle Remover Easily Made

(From Ladies' Favorite Magazine.)  
A few dermatologists have long held the secret that a certain product, known to the drug trade as salicylic acid, had the property when used in solution, of instantly removing wrinkles. Any one can readily make this same solution by dissolving an ounce of powdered salicylic acid in a half pint of witch hazel. Bathe the face in this and note the immediate transformation. The skin tightens, or comes firmer—deepest wrinkles at once begin to smooth out. This action will of course also reduce hanging cheeks or double chin.

## "WHO LIED"

(Continued From Page One)  
Wilson. Letters passed between us. Upon his invitation and on his behalf I visited his home in Princeton. He was good enough last winter to come to the steamer to see me off for Europe.

I found him a man of polished manners, scholarly attainments and undiminished intellect.

On my return from abroad, the governor met me in New York. Again in November and December we foregathered there. In short, nothing was wanting to the most cordial and unrestrained intimacy.

The fortnight immediately preceding the interview at the Manhattan club, of which I have been at pains to say as little as was needful to justice between man and man, I had done what I could in the interest of his country. I was met on my arrival in New York by a most urgent appeal for me from a gentleman of distinction, closely associated with, if not actually directing, the Wilson organization, and in answer to this I was able at once to secure a considerable sum of money.

## Denounces Policy of Confusion.

As confuse and mislead the public he has lately adopted a policy of alternate silence and sneering. Giving the lie direct to my statement that I was asked to help the financial end of the campaign and declining my offer to submit the proof of it to a body of gentlemen and Democrats equally concerned with ourselves for the well-being of the party, he thinks to cloud the issue and escape its menace by turning up the irresponsible chatter of a literary bureau which claims to live off the immediate contributions of subscribers having whims, turps and halos, and which has been for weeks flooding the country with every manner of falsification.

The Ryan story, which has made such an impression upon the unknown and unreflecting, was, as far as it related to Colonel Harvey, a lie out of whole cloth. Though Governor Wilson knows this, he has allowed it to circulate without a word of contradiction. The attempt which followed its exposure by me, to make it appear that I have intimated that application was made to Mr. Ryan, is cut off the same cloth, and is characteristic of the duplicity which attaches itself to the encephalopathy of the governor and his publicity agents.

The suggestion of Mr. Ryan was eagerly caught up by those agents. Pancy a political promoter refusing money from any source or anybody. But when I spoke to Governor Wilson about it, he said some unwholesome things of Mr. Ryan, expressing a fear that if the knowledge of such a contribution got abroad it might do more harm than good, an opinion which Colonel Harvey promptly concurred in, and the matter went no further.

## Unprincipled Attempt at Diversion.

Certain as it is that Mr. Ryan has heard the matter, neither I, nor any one else, spoke to him on the subject.

The effect of the Wilson promoters to revive it and bring it to the front is simply an unprincipled attempt to divert the public attention from the fact that Governor Wilson has been rattling around as a hero because of his indignant rejection of Ryan, the truth being that Ryan was never pressed upon him at all.

His courageous repudiation of Harvey, which has put such a feather in the cap, was of a piece with this. Whilst Governor Wilson was receiving popular applause because of his sacrifice of private friendship to public duty, he was groveling at Harvey's feet, begging pardon for the simpering and heartless treatment he admitted having bestowed upon Harvey at the Manhattan club. If he possesses a spark of honorable sensibility, he will at once demand and require the publication of the subject letters he wrote to Harvey when he was made to understand and realize that he must square the account of gratitude or take the consequences.

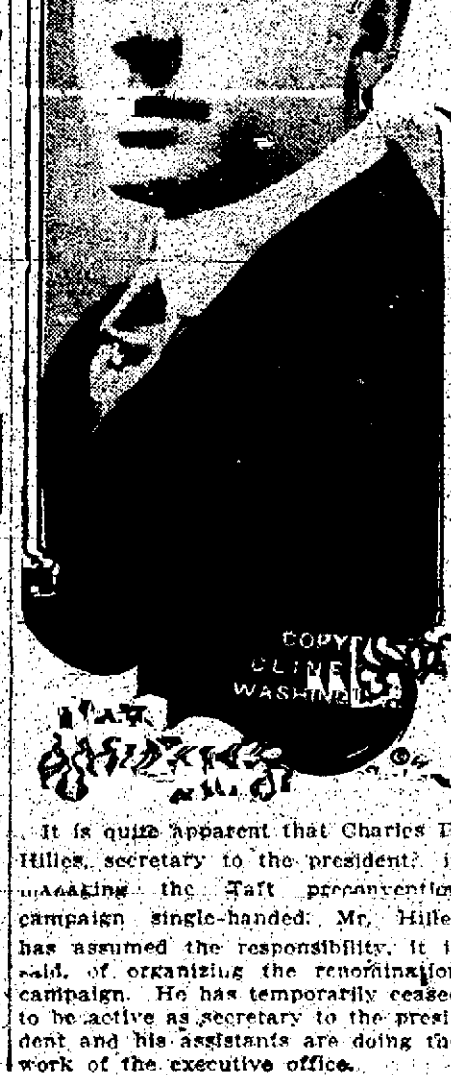

Meanwhile, let me say that whilst the governor's ready repugnance may have saved the foregoing Colonel Harvey whilst it may even satisfy the susceptible Mr. Ryan—I refuse longer to follow a man whose nomination would, in my judgment, be a disaster and whose election a calamity. He who would an unprincipled and dishonest private friendship cannot be trusted to be loyal to anything.

## Asks Protection From Such a Leader.

Within a single year Governor Wilson's radical change of base, his readjustments, and readjustments, personally and politically, his offenses to some and apologies to others have been exactly concurrent with his selfish aims.

Governor Wilson Still Silent.

TRENTON, N. J., Jan. 23.—Governor Wilson refused tonight to make any statement in reply to the one issued by Col. Henry Watterson. The governor said he first would read the matter given out by Colonel Watterson carefully before deciding whether to make any reply. "At any rate," he said, "I shall not issue a statement tonight."

## Woman Wanted for Murder Surrenders

MRS. RENE B. MORROW OF CHICAGO.

CHICAGO, Jan. 23.—Mrs. Rene B. Morrow, under indictment for the murder of her husband, Charles B. Morrow, who was found shot to death December 28, surrendered to the sheriff today. Pending the filing of a petition for a writ of habeas corpus which her attorney declared he was preparing, the woman was not taken to a cell but was held in the offices of the jailer.

An attempt will be made to obtain Mrs. Morrow's release on bonds if the habeas corpus proceedings are unsuccessful.

Two bullet wounds, either of which the coroner's physician declared, would have caused instant death, were found on Mr. Morrow's body and this was held by the examining magistrate to disprove the theory of suicide which was at first advanced.

Evidence was also presented that Mrs. Morrow had often quarreled with her husband.

## NO BAIL FOR MAN WHO KILLED FRISCO CUBMAN

SAN FRANCISCO, Jan. 23.—Samuel B. Timothy, the chauffeur, who shot and fatally wounded John J. Moore, a wealthy San Francisco clubman, in a revolver duel, Saturday night, was arrested and formally charged with Moore's murder today.

Timothy will be arraigned tomorrow, and it is said by District Attorney Swart, will be held without bail. The coroner will hold an inquest Thursday night.

**CASHIER INVOLVES BANKER**

Testifies That They Planned to Get  
\$90,000 Through Sale of Bonds to  
Portland Bank, Now Defunct

PORTLAND, Ore., Jan. 19.—W. Cooper Morris, former cashier of the defunct Oregon Trust and Savings bank, testified here today in the trial of Louis J. Wilde, a San Diego banker, that he and Wilde conspired to get for themselves \$90,000 by the sale of a block of \$500,000 telegraph bonds to the bank. The \$90,000, he said, was the difference between what the owners of the bonds supposed they had been sold for and the par value which he said the bank paid for them. Wilde is charged with embezzlement.

The former cashier, already serving a sentence for embezzlement in connection with the failure of the bank, before going on the stand today, pleaded guilty to the charge of embezzlement in connection with the alleged sale of bonds, his having been indicted jointly with Wilde.

### LA FOLLETTE IN RACE TO STAY, SAYS MANAGER

WASHINGTON, Jan. 19.—Progressive Republicans who are supporting Senator La Follette's candidacy for the presidential nomination, met today to canvass the situation. The result was a statement issued by Col. Walter L. Houser, Senator La Follette's manager, declaring the senator was in the race for the nomination to the end, it was declared that he would make a nation-wide campaign.

Earlier in the day, news that the meeting would be held gave rise to the report that its purpose was to amalgamate the Roosevelt and La Follette followers in the cause of "progressivism," this was discredited immediately after the meeting was called to order. Colonel Houser's statement follows:

"Once for all, I want to settle the rumors that Senator La Follette contemplates withdrawing as a presidential candidate." Senator La Follette never has been, and is not now, a quitter. When he engaged the contest for the nomination he assured those who induced him to become a candidate that he would go through to the end and that is his determination. He will be there until the axel falls in the convention announcing the nominee.

"Senator La Follette is making this campaign to promote the principles in a national way, for which he has stood and fought in his own state and in the United States senate. He will make a campaign in every state and in every district to elect delegates pledged to those principles and his candidacy as the Republican nominee for president, first, last and all the time."

### SIX WITNESSES DEFEND "STARVATION" DOCTOR

SEATTLE, Wash., Jan. 19.—Testimony denying every charge made by the prosecution in the trial of Mrs. Linda Burfield Hazzard, charged with causing the death by starvation of Miss Claire Williamson, a wealthy English woman, was obtained from six witnesses called by the defense at Port Orchard today.

The direct testimony for the defense today was given largely by Watson Webb and Frank Lilley. Webb's name was brought into the case in the testimony of Dorothy Williamson, sister of the woman alleged to have been murdered, and who also was a patient at Mrs. Hazzard's "starvation sanatorium."

He was said to have been authorized to aid in nursing the Williamson sisters and it was brought out by the prosecution that when a protest was made, Mrs. Hazzard replied: "He's all right. He's only a pure minded youth."

Webb declared on the stand that his calls on the Williamson sisters were at their own request.

Frank Lilley, a foreman about the sanatorium who had been accused by Miss Dorothy Williamson of having been used in the establishment to assist in giving her baths and other improper services, directly contradicted such charges.

### GOVERNMENT DEFAUDED

U. S. District Attorney Charges Loss in Collecting Duties on Imported Olive Oil

NEW YORK, Jan. 19.—The United States government has been defrauded out of hundreds of thousands of dollars in customs duties on importations of olive oil, according to a statement made by Assistant United States District Attorney Whitney in asking that \$10,000 bail be fixed for A. Fred Hoyt, arrested today after a raid on the offices of the Oil Seeds company, importers of vegetable oils. Startling revelations are promised by the government.

### A Harmless Way to Darken the Hair

**A LITTLE SAGE AND SULPHUR  
MAKES GRAY HAIR VANISH**

**—A REMEDY FOR ALL  
HAIR TROUBLES—**

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your face is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair.

All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

## STRAIGHT GOODS

Do you want to put your money into a growing concern, which has been earning good dividends for a number of years, and which offers a number of the better things they will make money in a large way? The fact that for the past nine years they have made money in an unusual way is not a new thing. They are not beginning a new and untried enterprise; they are not asking you to join in a promotion, which may hazard both your capital and income. On the contrary, they are putting up all the accumulated assets of these past nine years to secure your investment, and they are waiving all profits on this large investment until the preferred stockholder has his 5 per cent per annum dividend, payable quarterly. After this is paid, then the common stock comes in for a similar amount. Then both kinds of stock shares the rest up to the full earnings of the company. We are talking to you about the offering of preferred stock by the Yates-McClain Realty Co. of Colorado Springs, Colo.

When a business grows to a certain size it must increase its capital to correspond with the volume of business, or it must borrow largely to carry on its business in their many and large transactions.

This firm has determined to take some partners, and share profits with them, thereby saving a large interest account and enlisting the help of the influence and effort of such investors. This is an unusual chance to get a good, steady income at a good rate with a good chance that the stock will enhance in value.

The line of business is a good one, one of the very best, viz. the buying, selling and development of lands. In no other line have the profits been so uniform and so remunerative. It is the rule that lands, which are really good, and have water supply, double and double again as the countries settle up. In fact, in the east, people who have simply made a living as farmers, after getting possession of farms in an early day and cheap, have become well-to-do, even rich simply by the enhancement in value.

The San Luis valley, Colorado, where the above firm is operating, is destined to experience this doubling process because of its wonderful fertility, ample water supply, excellent climate; and the fact that lands are lower in price than any other like district at this time. This firm is offering one of the best chances, in its preferred stock, to the people of this section at this time. It is safe, and should pay 15 per cent or better, based on the past two years' business.

In fact it should be much larger. Their enlarged facilities and force and with more capital should show better results. We predict it. They occupy 11 rooms in the El Paso building, top floor.

This stock is selling. The amount is limited. If you wish to consider this, now is the time.

## 1,200 SIGN PETITIONS

### FOR STATE PROHIBITION

Nearly 1,200 signatures, representing about 15 per cent of the legal voters of Colorado Springs, have been secured by local W. C. T. U. workers to the petitions asking for a state wide election on the submission of an amendment providing for prohibition in Colorado. Twelve petition blanks were sent here a short time ago and presented to the North End, East Side and Central W. C. T. U. districts of the city. Every one of the blanks has been filled. The blanks must be at the state W. C. T. U. headquarters by tomorrow and they will be forwarded today.

"We had splendid success," said a prominent W. C. T. U. worker last night. "Only a limited number of blanks were sent here and we had no trouble in getting them filled. It would be an easy matter to get more signers if they were wanted."

## OHIO SOCIETY HONORS

### MAJOR MCKINLEY

The Ohio society of this city and citizens generally observed "Canton Day" yesterday in commemoration of William McKinley.

At the Antlers hotel last night there were about 200 persons, claiming Ohio as their birthplace or former residence, at an elaborate banquet given by the Ohio society. Major A. B. Bohm, postmaster of Leadville, gave an address on the Buckeye state and what she has accomplished and the great men she has produced. The life of the martyred president was touched on in brief and a tribute paid to his life and the services he gave to his country.

An orchestra played Ohio tunes during the evening and the rooms of the hotel were decorated in the colors of the state of Ohio.

Many persons wore a carnation during the day. Mrs. Francis W. Goddard presented a large number to the officials and clerks at the court house at police headquarters and other city departments.

## CONTRACT AWARDED

### FOR NEW BUILDINGS

Improvements at Modern Woodmen Sanatorium Will Cost About \$176,000

The Modern Woodmen friends yesterday closed contracts with Collins Brothers of Rock Island Ill. for the construction of the new buildings at the sanatorium northwest of this city. The improvements, to cost approximately \$176,000.

Joseph Reichenow of El Paso, Ill., has been appointed assistant to Dr. J. A. Rutledge, superintendent and will probably arrive in this city today. According to statements made by Modern Woodmen officials, the time ago, the expenditure of this sum will mean much to Colorado Springs. A large part of the labor skilled and unskilled, and many of the supplies and materials will be furnished locally. As far as possible the sub-contracting will be let to local contractors.

A main administration building, including hospital, amputation hall, dining room and kitchen, cold storage plant, electric power plant and utility buildings for the several colonies will be included in the new buildings. The administration building and the receiving hospital will be the first buildings to be erected.

The recent settlement of the insurance case against the fund set aside for the upbuilding of the sanatorium, the per capita tax being the only means of keeping up this fund. However, the officials have enough money to go ahead with the proposed improvements and they will be rushed to completion.

## A BAD COLD IS EASILY BROKEN

The Most Severe Cold and Grippe Misery Will Be Relieved in Just a Few Hours.

There is not one grade of medicine in Paper's Cold Compound which when taken every two hours until three consecutive doses are taken will cure a cold and break up the most severe cold either in the head, chest, back, stomach or limbs.

It promptly relieves the most painful headache, "flu," cold, sore throat, stuffy nose, sneezing, sore throat, running of the nose, catarrhal affections, sore throat, and rheumatic twinges.

Paper's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no opiates, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed with the knowledge that there is no other medicine made anywhere in the world which will cure your cold or grippe misery as promptly and without any other assistance or bad after-effects as a 2-cent package of Paper's Cold Compound which any druggist in the world can supply.

## City Fights Effort to Prevent Paving

City Attorney McKesson took the entire day yesterday presenting arguments before Judge Shafter on behalf of the city's demurrer to the injunction suit brought by Mrs. Prudence Zobrist to prevent the carrying out of the paving contract. It is not expected that he will complete his arguments before today noon. Fully the same length of time it is said, will be used by R. H. Kinsey, attorney for Mrs. Zobrist in presenting arguments. A decision is not looked for before tomorrow night.

The injunction petition is presented by Mrs. Zobrist, first seeking to prevent the letting of the contract for \$100,000 worth of paving. Before a hearing could be had the contract was let to J. F. Hill & Company.

In the demurrer filed by the city it was claimed that the petition was presented to the court too soon and that Mrs. Zobrist did not state sufficient facts to warrant the granting of an injunction.

Mrs. Zobrist was one of the signers to the original petition asking for paving, according to records kept by the city clerk.

## POSTOFFICE RECEIPTS

### BETTER THAN JAN. 1911

Thus far this month the postoffice receipts are about \$280 ahead of January, 1911, and it is estimated that the total for the month will be fully \$500 ahead of last year.

The receipts for 28 days in January last year were \$9,078.26, while this year they were \$9,358.50. The only reason that can be given for the advance is increased prosperity throughout the country, according to postoffice officials. January is the lightest month of the year at the postoffice, while August is the heaviest.

## SPRINGS COBBLERS TO ORGANIZE UNION

A union for cobblers is the latest thing in the way of organized labor in this city according to a number of shoe repair men yesterday.

As yet there has been no organization but it is probable that a meeting will be called soon to take definite action. There is no general organization in the state but nearly all cities of the first class have such a union. It is a social organization and help of the cobblers. It has been found that they help the repair men to keep down the prices on leather to introduce the "best man" and to keep a standard of prices for the best grade of work.

Don't miss the illustrated lecture on "Sunny South Africa" by G. Clifford (Press Y M C A Thursday evening.

Major H. F. Avery was elected chairman of the special committee of Democrats, recently appointed by the Chamber of Commerce committee on conventions to try to secure the state Democratic convention next spring for Colorado Springs at a joint meeting of the two committees held in the Chamber of Commerce rooms yesterday.

After discussing ways and means to bring the convention to the city, the committee authorized the chairman to appoint a delegation of seven to attend the meeting of the state central committee to be held in Denver next Monday for the purpose of trying to secure the convention for this city. The delegates will be appointed in a few days.

The Chamber of Commerce has sent letters to the various members of the Democratic state central committee asking them to consider Colorado Springs as the place for the convention. "Other letters of a similar nature have been sent to the committee by the chairman of the special Chamber of Commerce committee and others."

It is understood that Pueblo and Grand Junction with a possibility of Denver, are in the race for the convention. However, it is said that a number of the members of the central committee are in favor of Colorado Springs and it is the opinion of the committee here that this city has a good chance to get the convention.

## MRS. SCOTT'S SUFFERING OVER

Doctors Advised An Operation. How She Escaped Told By Herself.

Rocky, Mo. — "For more than a year I suffered agonies from female troubles, and the doctors at last decided there was no help for me unless I went to the hospital for an operation. I was awfully against that operation, and as a last resort wrote to you for special advice and I told you just what I suffered with bearing down pains, backache, shooting pains in my left side, and at times I could not touch my foot to the floor without screaming. I was short of breath, had smothered spells, felt dull and draggy all the time. I could not do any work, and oh how I dreaded to have an operation."

"I received a letter full of kind advice, which I followed, and if I had only written her a year ago I would have been saved so much suffering, for today I am a well woman. I am now keeping house again and do every bit of my own work. Every one in this part of the country knows it was Lydia E. Pinkham's Vegetable Compound that has restored me to health, and everywhere I go I recommend it to suffering women." — Mrs. Lydia E. Scott, Rocky, Mo.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### CHILDREN GET DIVORCE

DURANGO, Colo., Jan. 29.—Mrs. B. E. Thompson, aged 16, the child-wife of R. F. Thompson, aged 21, a ranchman living in the Animas valley near this city, has been given a divorce by Judge Richard McCloud of the county court. Mr. and Mrs. Thompson were married only eight months ago, but it is understood that their brief matrimonial career had been anything but pleasant. The divorce was asked for by Mrs. Thompson, and Thompson made no effort to contest it. The youth of the parties established a record in divorce cases for the San Juan basin, if not for the entire state of Colorado.

# FOR SICK HEADACHE, SOUR STOMACH, LAZY-LIVER OR SLUGGISH BOWELS

Turn the rascals out—the headache, the lillousness, the indigestion, the sick, sour stomach and foul gases turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put another day of distress. Let Cascarets cleanse and regulate your stomach, remove the sour, indigestible and fermenting food and that misery-mixing gas; take the excess bile from your liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then you will feel great.

A Cascaret tonight will straighten you out by morning—a 10-cent box means a clear head and cheerfulness for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

## WOLTER DIES PROTESTING HIS INNOCENCE OF CRIME

COSSING, N. Y., Jan. 29.—Albert Wolter was put to death in the electric chair at Sing Sing prison at 5:41 o'clock this morning for the murder of 19-year-old Ruth Wheeler nearly two years ago. The girl came to Wolter's flat in New York in search of employment and he killed her after she had been mistreated. Wolter left a statement with Warden Kennedy denying that he had committed the crime.

The execution was without feature and Wolter was declared dead after one contact of 1,350 volts. The state electrician said that Wolter showed less resistance to the electric current than any murderer put to death by electricity at Sing Sing prison. The murderer spent his last night quietly, resting only part of the time. At 2 o'clock this morning Wolter wrote his denial of the killing. It was on a single sheet and so even and clear were the letters formed that the writing had the appearance of copper plate. The statement reads:

"Warden J. S. Kennedy: To be given to the public: January 29, 2 a. m. Now that I am departing from this earth to go into the presence of God, I wish to make this last statement. The world refused me justice, but my Father in Heaven, who knows our innermost thought, he will give me pure and undefiled justice. I wish to state I am innocent of the crime I was convicted of. I have been a victim of circumstantial evidence. I hope there may come a time when the conscience of the perpetrator will overpower and will compel him to come to the front and acknowledge the crime. It is my honest prayer to God that he may bring the person guilty of the crime to justice that my name may be cleared of this stain and that the people may see the injustice done me and that they killed an innocent boy. To those who have given me their kind assistance and have trusted in me, I give my sincerest thanks. To those who have maliciously persecuted and killed me, for them, I pray God's forgiveness.

(Signed) "ALBERT WOLTER."

### Justly Convicted Said Court.

Although Wolter was convicted on circumstantial evidence, the court of appeals, reviewing the case after a series of legal delays, declared he was fairly tried and justly convicted.

Ruth Wheeler met her death on March 24, 1910, in Wolter's apartment on the fourth floor of a house on East Seventy-fifth street, New York city, where she had gone to seek employment as a stenographer. Her charred body was discovered subsequently.

The evidence indicated that the girl had come to her death by strangulation and burning after having been pushed into a fireplace where it was partly burned and concealed until it became convenient to remove it to a bar to the fire escape from which it was thrown to the ground below.

Wolter admitted that he wrote the postal card which led Ruth Wheeler to visit his apartment and in a book kept by him was found in her hand, writing an entry of her name and address. A hatpin and a ring which the girl had worn on the morning of her disappearance were found in the fireplace and in a house to which Wolter had moved on the following day was found an umbrella which the girl was said to have with her when she left home.

Wolter claimed he had never seen the Wheeler girl. He thought to account for the entry of the girl's name in his book by saying he wrote it there at the dictation of "Fred Ahner," who was desirous of starting a school of shorthand and told him he was going to engage Ruth Wheeler. No one could be found to testify to the existence of Ahner.

Wolter was sentenced to be electrocuted on June 16, 1910, but the execution was stayed by an appeal. Although the law allows but six months in which to argue such an appeal, the case did not reach the court of appeals until December 4, 1911. The court affirmed the judgment of conviction within 10 days.

## ALLEGED WIFE SLAYER IS PLACED ON TRIAL

NEWARK, N. J., Jan. 29.—Allison MacFarland was placed on trial for his life today, charged with the murder of his wife, Evelyn, who drank cyanide of potassium in the darkness at her home on October 17 last. The state will attempt to prove that MacFarland placed the poison in a bottle similar to one containing medicine used by Mrs. MacFarland for "asthma." The motive, the state alleges, was his love for Florence Bromley, of Philadelphia, his former stenographer, whom he wanted to marry. A sheet of letters exchanged between the defendant and Miss Bromley will be introduced in the evidence. MacFarland pleaded not guilty.

Indications were that the selection of the jury would be completed today. Chief Justice Gummere is presiding at the trial.

## STUDENTS ARRESTED FOR ALLEGED INCENDIARISM

FARNHAM, Que., Jan. 29.—Five students were arrested this afternoon on a charge of incendiarism in connection with the destruction by fire today of Holy Cross college, near Farnham. It is charged that because some of the boys were refused permission to go home for a holiday they revenged themselves by firing the school. The damage was \$125,000.

## FIND DYNAMITE IN DENVER

DENVER, Jan. 29.—Dynamite in sufficient quantity to wreck a two-story brick building together with 50 dynamite caps was found in an abandoned barn at 1014 West Eighth avenue today. The source of the explosive is unknown to the neighbors, though it is said three men have been inhabiting the barn for over a month. Last night the two young sons of Mrs. Minnie Bridle were chased out of the barn by a man who brandished a revolver in their faces. The discovery of the dynamite this morning followed a report of suspicious activity by neighbors.

It is thought that thieves and safe blowers have been making the barn their headquarters and that their supply of dynamite is kept there. A month ago another quantity of dynamite was found hidden in the barn in a tube.

## ARIZONA TO VOTE HOW LONG TO LET LEGISLATORS SERVE

PHOENIX, ARIZ., Jan. 29.—A plan to allow the voters of Arizona to decide whether the state officers, elected December 12, shall serve one year or three years, will be proposed at the coming session of the state legislature, by Senator M. G. Cunniff of this county, who will be a candidate for president of the senate.

There is a conflict in the state constitution with reference to tenure of office of the first state officers, although it was the intention of the framers of the constitution to have them serve until January 1, 1912. To obviate the necessity of the supreme court justices, who will be affected by their own decision, deciding the question, and at the same time to ascertain the wishes of the people, Cunniff will offer an alternative referendum on the question.

## BRISTOW HAS MARINE BILL

Kansas Senator Introduces Measure He Thinks Would Restore American Merchant Shipping

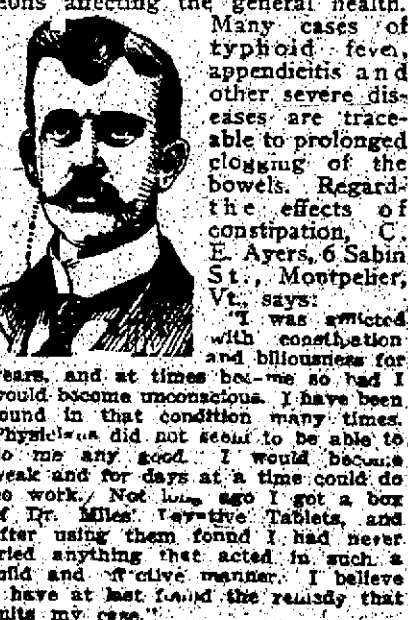

WASHINGTON, Jan. 29.—Senator Bristow of Kansas today introduced a bill, the enactment of which, he claims, would restore the American merchant marine and establish competition between ocean and rail traffic in the coastwise trade by way of Panama.

The bill would reduce the isthmian commission from seven to three members on January 1, 1913, and have the three commissioners control the operation of the canal and the zone government. The bill would fix a ship toll of \$1 per net registered ton, but allow a rate of 50 cents a ton for American vessels, the owners of which agree to permit their use as auxiliary cruisers in war, and of 25 cents a ton for all coastwise craft on the same conditions.

The bill would prohibit railroad ownership of any ships using the canal and any commissions between rail and water lines.

## Constipation, if Neglected, Causes Serious Illness

Constipation, if neglected, leads to almost innumerable complications affecting the general health.

Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, of Sabin, Montpelier, Vt., says: "I was afflicted with constipation and biliousness for years, and at times became so bad I would become unconscious. I have been found in the streets many times. Physicians did not seem to be able to do me any good. I would become weak and for days at a time could do no work. Not long ago I got a box of Dr. Miles' Laxative Tablets, and after using them found I had never tried anything that acted in such a mild and effective manner. I believe I have at last found the remedy that suits my case."

Thousands of people are sufferers from habitual constipation and while possibly realizing something of the danger of this condition, yet neglect too long to employ proper curative measures, and serious illnesses often result. The advice of all physicians is "keep your bowels clean," and it's easy to do so.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory, your money is returned.

## To Have Complexion That Men Admire

A man may admit with great sophistication that powder and rouge are necessary aids to beauty. But writes the Countess of Warwick "not deep in his heart he dreams of the woman whose loveliness needs no artificial touch-up. Women who appreciate this, who give consideration to the masculine viewpoint, avoid using anything that might indicate their beauty is not all their own."

"Such women find increasing number are acquiring the mercurized wax habit. By applying the wax at night as they would cold cream, washing it off in the morning, they secure, and maintain, entirely natural complexion. Their faces exhibit no evidence of having been beautified. Nothing is added to the old complexion; the latter, instead, is discarded. Mercurized wax, procurable at any drug store, can cause will do fresh, clear, satiny under skin which absorbs the deoxidized outer skin, gradually, almost imperceptibly. The appearance, bears a healthy, youthful bloom not comparable with the fixed artificial color."

## NAME OF CONGRESSMAN ON LAND APPLICATION

Fact Brought Out in Connection With Hearing of Charges of Fraud in Indian Affairs

MINNEAPOLIS, Minn., Jan. 29.—Application for an allotment of 176 acres of land on the White Earth reservation, signed with the name "Halvar Steenerson," is in the hands of enforcement officers who are appearing at the congressional committee hearing here of the charges of fraud in connection with Indian lands.

At the hearing today, Gus Beaulieu, leader of the mixed breeds on the reservation, was asked to identify the signature as that of Congressman Halvar Steenerson of the Ninth Minnesota district, but declared he could not do so.

Beaulieu, in an interview, later said Congressman Steenerson had been adopted into the Chippewa tribe, "about 1905," under the name of "Omy-Yah-We-Gah-Bow," or "He who stands in the center," that the Indians had urged him to apply for an allotment and had selected a place of land for him, but that his application was rejected by the secretary of the interior on the ground that Mr. Steenerson was not a legal member of the tribe.

R. C. O'Brien, government attorney, declared that, after the identity of the man who signed the application had been established, it would be submitted in evidence.

## SWALLOWS POISON AND THEN CLIMBS STAIRS

DENVER, Jan. 29.—Fearing that he would die without those he loved about him, George Royal, an electrical engineer, yesterday climbed two flights of stairs to his sister's room at 2222 Vine street after he had swallowed poison.

He then descended to the basement of the dwelling where he had already prepared his death couch.

According to Henry J. Alkmaar, manager of the Kennedy Safe Company, brother-in-law of Royal, the latter had been a dependent several months because of his inability to cure himself of the incurable pain.

Royal was 35 years old and had been a resident of Denver for several years. He was employed at different times by the Denver Gas and Electric company.

## ENTIRE SURFACE OF LAKE SUPERIOR IS FREEZING

DULUTH, Minn., Jan. 29.—Lake Superior is freezing over its entire area. It is the first time in memory of the white man. The ice field is now so great that open water can be seen from only a few points on either shore.

With February at hand and its fame as an ice-making month on Superior, it is much reason for believing its entire surface will become solid for several inches.

## This Home-Made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply. 24 Small Cans.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps on a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualcol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the Pinex Co. is so successful.

A quantity of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Mrs. Robert Cartwright, chairman of the public safety committee of the New York City Federation of Women's clubs, who suggested to the Commissioner Joseph J. Quinn of the New York fire department that fire and burglar alarms be equipped with oxygen-acetylene lamps to run through all sorts of metals. The suggestion followed as the result of the terrible fire building the when firemen had to chop and hack steel bars to liberate a couple of imprisoned men. The fire commissioner has adopted Mrs. Cartwright's idea.

## TO EQUIP SIGHT-SEEING CARS WITH PHONOGRAPHS

SAN DIEGO, Cal., Jan. 29.—Modern phonographs are to replace human annunciators in San Diego's sightseeing automobiles. Announcement of this was made today by one of the leading tourist car owners who has just arranged for putting on double-deck sightseeing cars. Economy is given as one of the reasons for the move; accuracy is another thing that prompts the change.

Our spies, in trying to make their stories of the points of interest picturesque, often wander from the truth," said the manager of one of the companies today. The phonographs will be under the control of the driver.

## PREACHER THINKS REPUBLIC FAILURE AND NEEDS KING

NEW HAVEN, Conn., Jan. 29.—The Rev. Herbert J. Johnson of Boston, delivered a special sermon at the Dwight Place church last night, in connection with the annual meeting of the Lord's Day league of New England and said that the principles of equality of the present day were on a par with those in France just prior to the French revolution. The democracy was being destroyed and that the breach between the very poor and the very rich was widening. Johnson, in looking at things from an economic standpoint, he was inclined to agree with a Republican friend of his at Boston, who said that the republic was a failure and that a king was needed.

## SEVERAL OF M'NAMARA CHECKBOOKS MISSING

INDIANAPOLIS, Jan. 29.—Many checkbooks showing to whom J. J. McNamee paid money to carry on dynamiting from December, 1909, to his arrest last April, it was learned today have been destroyed or at least not beyond reach of the federal grand jury which is investigating the dynamiting conspiracy. Leon M. Ruppert, counsel for the International Association of Bridge and Iron Workers, was able to tell the jury two whereabouts of only a part of the accounts. District Attorney C. W. Miller insisted the evidence was in existence after McNamee's arrest. It is thought the grand jury will complete its work this week.

## KING'S BROTHER-IN-LAW DIES

### MISS MAY SUTTON ENTERED IN ONLY FEW TENNIS GAMES

By W. A. REEVE

LOS ANGELES, Jan. 29.—Miss May Sutton, regarded almost universally as the premier woman tennis player in the list of the world's experts, will take only a casual interest in the tennis sport during the coming year, confining her energies to a few southern California tournaments according to her avowed intentions.

It has been announced at sundry times that the Angel City star, who has been in the city for many years, would leave home for many years, to go to a home on an out and out race to gain well-earned titles which she has gradually lost through her failure to defend, but such will not be her course of action this year at least.

The "Peerless" May, who for years been the center of the tennis championships, and aspirants without number have been pined expressly to defeat her. But this year she found them lacking and Miss Sutton seems to have no peer. It was hoped by her friends and admirers, and their number is legion, that she would, once again, gain in the trophies and championships that she has allowed others to gain.

It may seem strange, said the golden-haired young woman, yesterday, that there is a nervous strain in a strenuous tennis life that compels one to realize that a rest is necessary. The long trips and the exciting play, when you know that those whom you represent are depending on you to make good are not easy.

My experiences have been only pleasant and have afforded me an enjoyment which I can never forget. The uniform courtesy accorded me by tennis followers and my love for the game and for travel have served to make my extensive playing a pleasure. But enthusiasm is gradually lost, destroying the standard of one's name.

After a year's practical inactivity I believe this will be remedied, and then I will probably start once more with renewed interest.

There seems to be only one worthy opponent for Miss Sutton and that is Hazel Hotchkiss of San Francisco. For three years the Bay City expert has been national champion in the women's and mixed doubles championship teams. The southern Californian has not defended her national title which she won in 1904 at the world championship tournament, formed by Mrs. Lambert Chalmers, formerly Miss Douglas.

Miss Hotchkiss has an especially met the best in the United States. The only stumbling block in her championship match has come from the south. She has defeated Miss Sutton twice, but in return has fallen before the mighty game of her opponent at every other meeting.

"Miss Hotchkiss is a wonderful player," admits the smiling Miss May. "She plays a beautiful game, but I find it difficult to watch and hard to beat. I enjoy meeting her for she is a good sportsman putting up a clean, hard fight. There is no rivalry between us, but between the north and south I simply like to meet such a worthy opponent and feel that we will not come together this year."

The northern is all that the magnanimous Miss Sutton says, but she is not yet her equal. Miss Hotchkiss has

a greater variety of strokes but she is not so steady. She has had only one win in view in her practice, and that was to defeat Miss May. She has studied out a game for the occasion and has been industriously coached. Miss Sutton on the other hand, has been able to find few opponents capable of offering her an interesting combat. Yet, there is now little competition between them.

The southerner's marvelous steadiness, staying abilities and her aggressive game with her accurate smashing and driving have cut out much of the brilliant though striking and inconsistent play of her rival. With only two exceptions the San Francisco has seldom triumphed favorably with the rest, if not the nominal champion.

But her opponents are in a position to take more than three or four games from Miss Sutton during a match, while Miss Hotchkiss has nearly met defeat on numerous occasions. Through continuous study in outlining a plan of attack to gain the coveted honor of a burning team the opponent whom she always keeps in mind, Miss Hotchkiss has somewhat decreased the difference between the two.

It may be that the University of California offering will improve sufficiently to reverse the standings but the characteristics of the two would hardly bear out this supposition. At any rate Miss Sutton will not attempt to wrest any laurels from the national champion this year, but after that will come the clash and it seems only reasonable to believe that the premier mantle will again come to the southerner.

## FAIR WEATHER NOW AHEAD FOR LINCOLN

LINCOLN, Neb., Jan. 29.—With magnates from four Western league clubs and the president of the league expected in this city tomorrow, it is expected the troubles of the local ball club will be cleared within 24 hours.

President Despain must pay George E. Truman over \$7,300 before 1 o'clock tomorrow, or "Ducky" Holmes will become receiver of the club, with full power to assume all responsibilities in its management. President O'Neill is thought to be bringing the money to meet this obligation. This will relieve matters, but the club will still have debts estimated at \$5,000 to pay before it will be clear of trouble. The following owners of baseball clubs are said to be on their way to the meeting here:

William O'Rourke of Omaha, Thomas Fairweather and Frank Isbell of Des Moines, Jack Holland of St. Joseph and Hawley of Sioux City.

The ostensible purpose of their visit is to look into the affairs of the local club and to make arrangements for transferring the scheduled meeting from Denver.

The purpose of the transfer of this meeting from Denver is to avoid the possibility of legal action being started against the league in connection with the transfer of the Pueblo franchise to Wichita. Pueblo business men have threatened an injunction suit against the league, and, should it meet in Denver, a court order of injunction might be served on it.

We are going to Lincoln tonight, financially prepared to lift the Lincoln club out of the hands of a receiver and again put Despain on his feet," said Frank Isbell, one of the new owners of the local Western league club, before leaving here tonight.

## CORBETT COULD NOT FIND JACK JOHNSON

CHICAGO, Jan. 29.—James J. Corbett, former champion of the world, made a few hours' stop in Chicago, yesterday, prepared to meet Jack Johnson in a talkfest or at arms and disprove the allegations of faking advanced by Johnson. But the negro champion managed to miss Corbett in all the usual haunts. Corbett seemed to have sought out the "knocking" of Johnson and carried a chip on his shoulder until he boarded a train for La Crosse at 10:30 last night.

The conqueror of John L. Sullivan openly expressed his opinion of Johnson in no uncertain words. He said that Johnson was probably the worst fighter in the prize fighting business, and Corbett asserted that he had proof for his allegations. He intimated that the coming Flinn-Johnson bout was but a frame-up, and that Johnson would allow Flinn to stay 10 or 15 rounds to make the moving pictures worth something.

Corbett said he was about to engage a lawyer and fight Johnson in the courts and force the present champion to prove or disprove all assertions made against Corbett. He said that he would bring charges of libel against Johnson and make the present champion pay for his talking. Corbett said that he had seen Johnson and that he was ready to back him up whenever Johnson cared to have it so. Corbett was belligerent and in a mood to try a "white hope" stunt, but "Lil' Altha" kept in the background.

DON'T USE DRUGS FOR CONSTIPATION

Just Try Nature's Cure

We all know that constipation brings on countless other complaints if not taken in hand, appendicitis among them—also that any drug will lose its power after being taken for a time—but we should also know that every drug forces nature instead of assisting her, and will, if continued, make us slaves to them.

There is now a method of internal bathing which will keep the intestines as clean and pure and free from waste as exacting nature can demand—when taken occasionally, will prevent constipation, biliousness with its depression and the countless more serious diseases which are caused by the blood taking up the poisons from the intestines and carrying them through the system.

That method is the "J. B. C. Cascade," which is being enthusiastically used by many thousands, is prescribed by the most enlightened physicians everywhere and is now being shown and explained by Max Kahn, Druggist Postoffice building, this city. Every one should at least investigate this nature-cure without delay. Ask for booklet, "Why Man of Today Is Only 50 Per Cent Efficient."

Colorado City DEPARTMENT

COLORADO CITY SEEKING LOWER FREIGHT RATES

Louis Finn, representative of the Great Western Overland company of Chicago, is actively at work in Colorado City to secure the cooperation of the business men in securing a reduction of freight rates to this place. According to the plans of the company, which has been considering the field for some time, there will be a branch factory of the company opened here in the near future, especially if the raw materials can be shipped from eastern points at a reduced rate. A number of the business men are interested in the scheme and are heartily in favor of it. A number of locations for the business are being considered, suitable for the use of electric power.

COLORADO CITY NEWS NOTES.

J. B. Taylor of Florissant was in the city yesterday for the day.

The condition of Mrs. J. S. Fletcher, who has been ill at her home for the last week, is reported as unimproved.

Mr. and Mrs. H. K. Jarvis of 183 South Fifth street have moved to Colorado Springs to reside.

A daughter was born yesterday to Mr. and Mrs. H. H. Gregory of 1816 Park avenue, Colorado Springs.

To the Public—Mrs. Enos will take sewing by the day or piece. Home phone M. 209. Address 8 S. Washington, Colorado City.

Donald Williams, who left several months ago to take contracts for the drilling of oil wells in Wyoming, is here for a short time.

The condition of Miss Dorothy White, who underwent an operation several days ago, is reported as satisfactory.

A son was born recently to Mr. and Mrs. A. N. Myers, formerly of this city, in Loveland, Colo., where they have been for the last year.

Miss Alma Ferris, who has been visiting her grandparents in Grand Junction for several weeks, has returned.

John Moore of Marysville, Mo., is in the city, the guest of Mr. and Mrs. J. D. Boone. He will leave tomorrow for Delta, Colo., where he has property interests.

Charles J. Davis of 15 Washington avenue was badly injured while doing some carpenter work at the Midland roundhouse, yesterday morning. He had his right leg broken and sustained severe scalp wounds. He was taken to St. Francis hospital.

Train No. 203 was delayed on the Colorado Midland, just above Manitou, yesterday morning, by the breaking of one of the wheels of the engine. The trucks of the locomotive left the track while the train was passing.

The mayor and a number of the business men are considering the plan of calling a general public meeting to further the plans for securing a reduction of freight rates from eastern points to Colorado City.

Galveston fronts the Gulf of Mexico, "Way down South" in Texas. Where roses and oleanders and palms grow outdoors in January is a good place to winter in—that's self-evident.

Galveston, too, has Hotel Galvez—a new million-dollar edifice, located near the beach and seawall. You will like Hotel Galvez, once you enter its doors. A charming southern hospitality is supplemented by all the luxuries of Fifth Avenue.

Go to Galveston this winter on the Santa Fe. The train service is convenient. The excursion fares are low.
